

October 2018

Dear Parent/Carer

Students should now be at a point where they start to think about revision and order their thoughts; this will allow them to come and seek guidance on areas they might not feel confident about. We are inviting your son/daughter to revision sessions taking place in the Geography department. After half term, an afterschool revision session lasting 45 minutes will be run on a Monday, with a published timetable. The same session will run for two Mondays (week 1 and 2), giving students the opportunity to choose which Monday may best suit them, to fit around other commitments they may have.

We are inviting your son/daughter to attend these sessions and to take this opportunity to refresh the knowledge from last year, helping them prepare with the pre-Christmas mocks and their final summer exams.

This is an opportunity for your son/daughter to ensure they have key information on all topics covered in the course and to further develop the necessary skills to face the more complex questions in the summer examinations. There will be techniques made available to students to help them structure their answers as well as understand the key information questions are asking.

We ask, if possible, that you help and support them on this by encouraging them to attend, ensure they complete all work and dedicate the correct amount of time on homework.

Attached is the breakdown of the revision sessions and a breakdown of the course, which your son/daughter should be familiar with. Any material used during the sessions will also be made available to students on MILK.

If you have any queries regarding any of the above, please do not hesitate to contact us.

Yours sincerely

N Papaspyrou

Mrs N. Papaspyrou
Geography Department

Date	Topic	Paper
05/11 – Monday WK1	Tectonic hazards & practice questions	Paper 1 (physical)
12/11 – Monday WK2	Tectonic hazards & practice questions	Paper 1 (physical)
19/11 – Monday WK1	Tropical storms & practice questions	Paper 1 (physical)
26/11 – Monday WK2	Tropical storms & practice questions	Paper 1 (physical)
03/12 – Monday WK1	Mock exam help	
10/12 – Monday WK2	Mock exam help	
17/12 – Monday WK1	UK climate & climate change & practice questions	Paper 1 (physical)
07/01 – Monday WK2	UK climate & climate change & practice questions	Paper 1 (physical)
14/01 – Monday WK1	Changing economic world – India & practice questions	Paper 2 (human)
21/01 – Monday WK2	Changing economic world – India & practice questions	Paper 2 (human)
28/01 – Monday WK1	Changing economic world – UK & practice questions	Paper 2 (human)
04/02 – Monday WK2	Changing economic world – UK & practice questions	Paper 2 (human)
11/02 – Monday WK1	Physical landscapes – coasts & practice questions	Paper 1 (physical)
25/02 – Monday WK2	Physical landscapes – rivers & practice questions	Paper 1 (physical)
04/03 – Monday WK1	Living with the physical environment	Paper 1 (physical)
