

September 2018

Dear Parent/Carer

AS Biology Textbooks

In order to support the studies of your son/daughter at home, it is clearly desirable that they should have access to a good quality textbook which is appropriate for the course which they are following.

We are able to loan all AS Students a textbook for the duration of the AS course. This involves significant expense and we would ask for your support in encouraging your son/daughter to make good use of their copy, yet treat it with due care. The textbooks will be recalled following the examinations in June Y12. In the event that a student does not return their copy, or if it is in an unsatisfactory condition, we would have no choice but to insist that they reimburse the school for the full cost of the book, i.e. £24.99. I hope that you appreciate the need to take this line and would ask that the reply slip below is completed and returned to a **Biology teacher**, by way of agreement with these terms.

Every effort is being made to increase the provision of Biology textbooks in the LRC and students should also aim to make full use of these resources. We would also recommend that students purchase the textbook published by CGP to act as a revision guide. We have this available to purchase from school at the reduced price of £10.50 (R.R.P. £19.99).

Alternatively through many bookshops or on-line the following books are available. Hodder: revision workbooks for £5.99 (AQA A-Level/AS Biology Topics 1 and 2 Workbook: Biological molecules; Cells ISBN: 9781471844645, AQA A-Level/AS Biology Topics 3 and 4 Workbook: Organisms exchange substances with their environment; Genetic information ISBN: 9781471844652) and revision guides for £9.99 (AQA Biology Student Guide 1: Topics 1 and 2 ISBN: 9781471843242, AQA Biology Student Guide 2: Topics 3 and 4 ISBN: 9781471843570).

Please complete the slip overleaf and enclose the payment in an envelope marked clearly with students Name, Form and Biology Revision Guide if you wish your son/daughter to purchase a guide and hand it in to Student Reception. Alternatively, you can pay online using a very secure website called ParentPay. If you would like a copy of your unique activation username and password please email parentpay@silverdale.sheffield.sch.uk stating your child's name and year group or contact the finance office at finance@silverdale.sheffield.sch.uk

For your information, the course has 6 required practicals each year so good attendance is vital to pass the practical endorsement aspect.

May I also take this opportunity to stress that work on the A-level Y13 Biology course will commence as soon as possible following the June interim examinations. It will be detrimental to progress and performance if students are absent from school at this time. A three-day residential field course will take place at the beginning of July and it is expected that all students will take part.

If you would like to discuss any aspect of this letter or have any queries about your son/daughter's Biology course, please contact the school.

Yours sincerely

Yours sincerely

S Summers/T Brown
