

September 2018

Dear Parent/Carer

A Level Geography Revision Guides

This is an opportunity to purchase the CGP A level Geography Revision guide at the school's special rate of £12.00.

https://www.cgpbooks.co.uk/School/books_a_level_geography.book_GAR72

These will cover all topics done in Y12 and Y13 and provide an accessible quick reference revision guide.

It is very important to note that a revision guide should be used in addition to your son/daughter's classwork and is best used to help clarify and learn a simplified version of the key ideas and concepts. The work done in class and for homework is your son/daughter's most important source of knowledge, especially with the case studies we have taught.

May I add that keeping up to date with current affairs is an excellent way of developing a wider geographical understanding of the world. If there are news stories which link to our specification, such as tropical storms I would suggest that your son/daughter watches/reads these stories and makes simple bullet points which they can use as topical examples.

Deadline for orders is Friday 28 September 2018.

Yours sincerely

J Hamshaw-Thomas

Mr. J. Hamshaw Thomas
Subject Leader for Geography

Executive Headteacher: Roisin Paul
